911 EMERGENCY

South Carolina 911 Addressing Code

Properly labeling your mailbox with your E-911 assigned address will assist Emergency personnel when they are trying to locate you in the event of an emergency. Mailboxes should be marked with 3" Reflective Numbers visible from both directions and should not be hidden by weeds or flowers.

Place your address on your house so the numbers are clearly visible from the street.

If your house is located on an unmarked side street or driveway, place an appropriate marker with reflective numbers along the drive to your home.

PROPER

ADDRESS

Don't be hard to find when you need help the most.
